

## **Treasure Coast Disc Golf Board Meeting – Minutes**

**Tuesday, Nov. 11, 2025 @ 8 p.m.**

Location: Virtual

**ROLL CALL** Present: President August Lightfoot, Vice President Jeff Porreca; & Secretary Erick Gill; At-Large Officers: Mario Jasmin, Bryan Botson, Zac Hinnant & Ryan Casey  
Absent: Treasurer Brian LaPorte & At-Large Officer: Mike Castro

### **NEW BUSINESS**

**Kraken Recap:** Other than one player who was unhappy about his card assignment for the 2<sup>nd</sup> round, the event went well. There was a hiccup with the PDGA app making cards for MA4, but Erick had paper cards for everyone and we worked it out. A post-event survey was emailed out. (Attached to the minutes) The feedback was overall great. Surprisingly a few people said they would have rather played to the long baskets first, then shorts for the second round on the first day. There were a few negative comments about the shotgun start, but probably an equal amount that liked the shotgun. Erick said if he runs another shotgun at Gordy – he would cap the entries at 72. This would limit the cards to 4 tops, but if we wanted to add a few more we could or it would provide the flexibility to make 5 tops to keep divisions playing together. After the tournament, Erick deposited \$800 in the club account. \$105 was from Castro's flex starts; \$240 was from Hobart league and \$105 was from Gordy league and disc sales. Ryan said he has cash that he'll give Erick next time he sees him from Halpatiokee league. We didn't have a lot of players' packs/discs left over since we had about 8 volunteers that helped spot and check people in. And they were given player packs for their time. This was a huge help and for the next tournament, we should announce ahead of time that volunteers get players' packs. Maybe even order extras. We did have a lot of shirts left, especially in the smaller and women's sizes as we didn't have as many ladies and youth sign up.

**Member Survey:** Erick emailed the survey out to members in the November newsletter and will post it to the Facebook page. On the first day – we had 13 people fill it out. Not much was discussed until the results come in.

**Flex Start Points Series:** In the group chat, Castro asked about hosting more flex start, c-tier tournaments, but make them a points series.

Prices: Rated Round only \$16 / Rated Round & Disc \$26 / Rated Round & Point Series \$21 or \$26? All in \$31 or \$36?

Courses: Flex 1 Halpat / Flex 2 McCarty / Flex 3 Indian Hills. Hobart was suggested. Martin County can be challenging and would probably charge us \$300 to hold an event there.

Point System: 1st - 10 points / 2nd - 7 points / 3rd - 5 points / 4th - 3 points / 5th - 2 points / 6th

- 1 point

Timeframe: Early Jan - Flex Start 1 / Feb. 21 & 22 - Martin County Open / Late Feb or early March - Flex Start 2 / Late March or early April - Flex Start 3 / Late April - 10 Mile Creek

Everyone supports the idea.

**New Year's Skills Challenge / Tag Drop:** We still need to finalize the details, but instead of the singles event at McCarty – the idea is to do a random draw dubs at Lakewood Park followed by a skills challenge, like the World's event: Longest drive, putting challenge and accuracy challenge. It was mentioned that we should have forehand and backhand challenges on the longest drive; maybe even a roller contest. As far as tags go, the tags would be given in pairs, so the first place dubs would get No. 1 & 2, then second would get 3 & 4. The team can decide who gets the higher tag. There was a lengthy discussion about digital tags. Maybe players get a physical tag with a QR code and there is an app/site that tracks it. However, it doesn't seem like the technology/logistics would work. It's a challenge with players spread out of 3 counties and multiple leagues. UDisc might have a tag tracking option. Erick & Zac will do additional research on the UDisc tracking, but for now – we'll order traditional tags.

**2026 PDGA Tournament Dates:** The state sent out a new form to secure sanctioned event dates for next year. Erick will reach out to Martin County to secure the dates for our events at Halpatiokee, before we finalize things with the PDGA. For Gordy – we are good to keep our normal dates (late April for the 10-mile and the first weekend in November for the Kraken). We just need to secure TDs for these events. Erick ran two this past year, Jeff P ran one and August ran one.

## **OLD BUSINESS**

**Course Updates:** No updates

- Gordy Road
- Rotary
- Lakewood Park
- Hobart
- Halpatiokee
- Indian Hills
- McCarty
- Torpey
- South County

**TREASURER REPORT:** No update/ Treasurer was out of town. But Erick said the post-Kraken invoices are all paid.

**MEMBERSHIP REPORT:** 118 members

**PUBLIC COMMENT / OPEN DISCUSSION:** Erick said due to his work – he doesn't think Tuesday

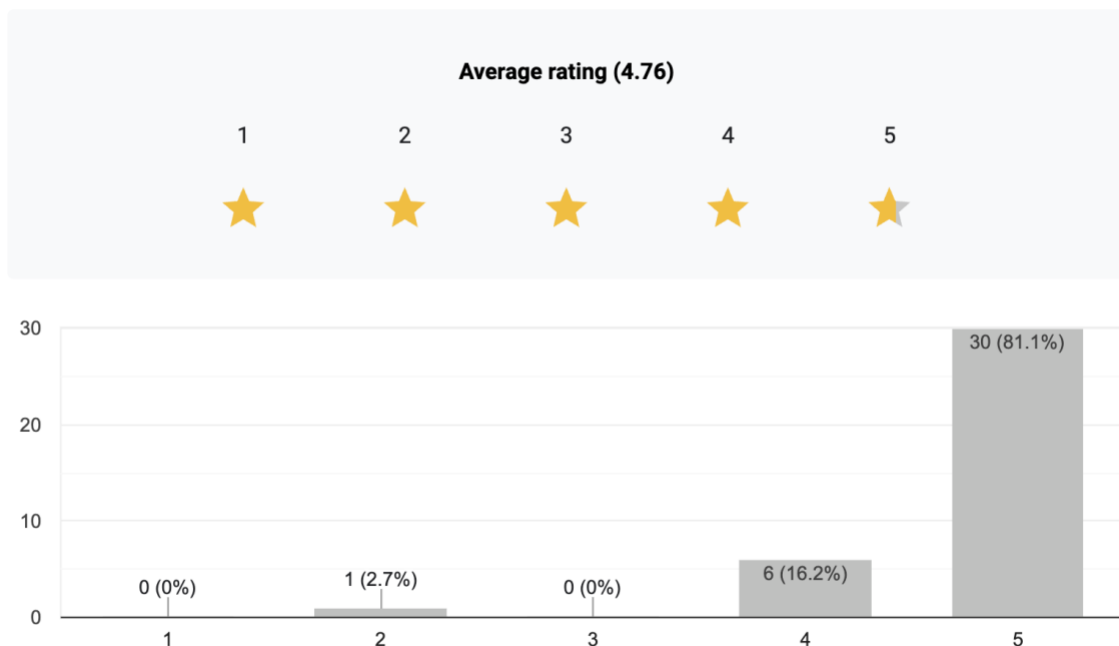

nights will work for him to attend the TCDG meetings moving forward. He asked if Monday or Thursday worked better. The group agreed Monday was better. So we agreed to move the meetings to the second Monday of the month, starting Dec. 8 at 7 p.m. (so we can still catch Monday Night Football).

### Kraken Post-Event Feedback – 37 responses

What did you like most about the event?		What could we have done better?	
The people			
I like the two rounds on Saturday and one 27 hole round on Sunday set up		Men's v-neck. Not too deep	
Organization		Uphold No Smoking rules	
Organization and good pace of play		Just do 18 holes on the final day 27 after two rounds the previous day is a lot	
The communication before and during the tournament.		Onsite food vendors (at least for day 1)	
Everyone had a great attitude. Especially the hosts and vendors		Hole 9 was flooded but that's out of your control. Everyone did great hosting the event.	
Hard to say there was a lot of good things		Not much	
The course was in great condition.		The 6-player card on the second round Saturday was tough with paper cards. We got really backed up on Sunday... maybe try to keep 4 or less to a card... or 5 at the most. I really enjoy	
The people		Not much	
Loved doing all 26 on Sunday		Tee times would have been helpful to keep the la end play more consistent. We waited a lot on Sunday. Saturday was not as bad for sure.	
Well ran, TDs were great, glad there were spotters, lots of CTPs.		I feel like we could have not played hole 10. Maybe play 7b on 1st two rounds and 26 holes Sunday.	
Well organized. Plenty of spotting. Golf lines trimmed well.		Maybe cover unused baskets during rounds. No matter how many times you tell someone they still get confused.	
Variety of layouts over 3 rounds		4 players per card. Slow tournament play drives me nuts.	
Very organized		Honestly all great	
		Alot of people were at the wrong holes Sunday and i think it should be long short .short long then long short again for a ma2	
Playing		Maybe skip the extra 9 holes as they led to confusion. Also give ma2 a second place plaque next time please.	
J		K	
What did you like most about the event?		What could we have done better?	
The people amd vibes		Nothing, this is the wrong question	
Players pack		The app issues	
spotters where needed			
Seeing old friends		As a club you did great, the issue is that a shotgun start at Gordy is a shit show. Def wouldn't enter it again	
seeing and playing on the course while it was in the best shape. (Mowed, trimmed, and cleaned up.		Played the long baskets on Saturday first, then the shorts.	
27 hole final round		S9me tee pads are in rough shape	
Erik's hard work		People from the club could've helped trim up actual golf lines for fairways	
Course was clean, not made too hard, and no issues.		Innova for players pack	
The weather, the people and how smoothly the event was run		nothing. The water on the course was out of your hands	
My division playing shorts		Not anything I could think of	
Everything was well organized		Eliminate holes with water since we had the option	
The tournament play in general and playing with a great group of people.		Not better, but Saturday's round flipped. Silver baskets first, than Blue.	
The organization of the entire event		Not much you guys are the best	
Well run with a lot of thought put into it		Not sure	
Well Organized, Great Weather and camaraderie		Would have preferred long baskets first on round 1.	
		Already talked with you about it, but Ma2 lead card matched with last place guys from ma60 was rough for me and Jeff, but we understand all the difficulties with making cards after i

Love the shirts and tournament logo! A Great job was done on course cleanup. I liked being forced to		I do feel bad for the group(s) stuck behind our 5 top, as we were probably the slowest card in the field, maybe could have split FA3 our of the MA70/FA70 in Sunday to keep p	
People and the course in general was in great condition		Eliminating under water holes.
